

Victorian Turn-Point Challenge

- Fly with purpose , develop your skills , make new friends.
- State wide, All inclusive, Season long event commencing 1/9/19
- Several classes to cater for. Pilots of all skill level, novices encouraged to compete
- Awards 'ceremony' at end of season

Victorian Turn-Point Challenge

Fun informal challenge to encourage pilots to venture away from the hill

Aim

- 1. Collect as many registered turn points as possible in the season (Highest total number of turn points collected over a season)**
 - One Turn point counts once. Challenge is to get all local turn points on weak days and gradually expand out to get more remote turn points on better days / longer flights..
 - Pilots within each pilot category who gets the most turn point 'hits ' within the season wins. (1st Sept-30th Aug)
- 2. Collect as many turn points as possible in a single flight.**
 - Challenge is for most turn points achieved in one day's flight (Current record is 12)

Requirements

Entry Requirements

- Pilot must be a financial member of SAFA
- Rules and regulations according to the ops manual must be adhered to
- Local site rules must be adhered to
- Pilots must comply to PG licence restrictions

Submission Requirements

- Honesty based submissions.
- Pilots will be registered on Highcloud
- All claims must have a Highcloud registered track log of the flight for the day. (May or May not be independently checked)
- Turn Points considered as achieved if flown within 400m radius of given cords.
- Turn points can be 'achieved' from flights from any official Victorian launch site
- A site counts as a turn point if it's on the list and is used either as launch or in flight
